Corporate Social Responsibility (CSR) Policy

Introduction

At **Kiss My Button (KMB)**, we believe in building technology that not only drives business value but also contributes positively to society. Our commitment to responsible business practices is reflected in our ethical standards, our relationships, and our environmental awareness.

Core CSR Areas

1. Business Ethics & Compliance

We operate with integrity, fairness, and transparency. Our internal Code of Conduct outlines principles against corruption, discrimination, and unfair practices.

2. People & Diversity

We foster a diverse and inclusive work environment. We promote equal opportunities, remote flexibility, and continuous learning for all team members.

3. Environment

As a digital-first company, we minimize our environmental footprint through remote collaboration, low-energy infrastructure, and conscious resource use.

4. Community Engagement

We support local tech initiatives, education, and social good. Whenever possible, we contribute with free mentorship, open-source work, or pro bono consulting for nonprofits.

Commitment

We recognize that CSR is a continuous journey. KMB is committed to growing as a company with awareness of our broader impact — on our people, our partners, and our planet.

Andreas Trantidis
